Description: Here's my vision; three teams back to back for Sports Clinics. Repair local basketball court at high school – rims, nets, and painting. At the same time advertise about basketball clinics and two on two and three on three basketball tournament – have a couple of contacts. Conduct clinics and tourney for two week. Third to fourth week the team will do follow-up on all contacts and decisions. More canvassing or work in the parks – HUGE COOK OUT and TROPHIES.
